Cascadian Poet

The Way It Is

BY WILLIAM STAFFORD

There's a thread you follow. It goes among things that change. But it doesn't change. People wonder about what you are pursuing. You have to explain the thread. But it is hard for others to see. While you hold it you can't get lost. Tragedies happen; people get hurt or die; and you suffer and get old. Nothing you do can stop time's unfolding. You don't ever let go of the thread.

TICKET! TICKET!

Tickets, receipts, and labels are some of the everyday ephemera usually thrown away or tossed in a desk drawer, to be forgotten. However, these items are in fact small documentations of life in the 21st century. "Ticket! Ticket!" is a collaborative project inviting mail artists to preserve these tiny histories in the form of artistamps. Send what you have to the address on this postcard, and receive one or more sheets of stamps in return.

POLITICAL / CULTURAL COMMENTARY

Post-Democracy Financialization

CASCADIA ARTPOST ~ 3116 MOORE STREET SE ~ OLYMPIA, WA 98501-3517 ~ USA

Capitalism, Democracy, Post-Democracy

"The latest twist in the story of capitalism and democracy took place after 2008 when the private debt pyramid finally collapsed and private debt that had lost its value had to be socialized to keep the money economy liquid.... As the site for the mobilization of future resources for present purposes of political pacification has moved from collective bargaining to electoral politics and from there to markets for consumer credit and, finally, public debt, the ability of democracy to distort the economic on behalf of the moral economy has progressively diminished....democratic states are being turned into collection agencies on behalf of a new global haute finance."
